

AIR 1 serves my family and I in many invaluable ways. First, the AIR 1 radio station provides family friendly music for my entire family to enjoy. Second, it gives us local, national and world news. I appreciate their traffic and weather reports, as well. If AIR 1 was displaced by an LPFM broadcaster, it would be devastating to my community. I know of several families that count on AIR 1 for the same things I previously mentioned. These families, as well as my own, would be horrified if AIR 1 was no longer available in our community. It is extremely rare to find a radio station that plays music that does not undermine what a parent is teaching their child. It is also rare that both parent and child can enjoy the same music, which is the case on AIR 1. AIR 1 serves the community in so many ways and keeping it on the air would be in the public's best interest. I hope you will take into consideration all that I've stated and keep AIR 1 from being displaced.

Sincerely,
Kristen Rivas
